

14 June 2023

NOTICE TO RELEVANT STAKEHOLDERS

Dear Sir/Ma'am:

This refers to the draft regulations distributed through the World Trade Organization – Technical Barriers to Trade (WTO-TBT) website (www.epingalert.org) from 03 to 09 June 2023.

Relative thereto, we respectfully invite stakeholders to comment on the notified draft technical regulation from India:

Document Symbol	Notifying Member	Relevant Dates	Products Covered	Summary
G/TBT/N/IND/274	India	<p>Date of Distribution: 08 June 2023</p> <p>Deadline for Comments: 06 August 2023</p>	Plywood and wooden flush door shutters	<p>Plywood and Wooden flush door shutters (Quality Control) Order, 2023</p> <ul style="list-style-type: none"> • A Plywood and wooden flush door have a wooden frame over which plywood, MDF or natural wood is fixed on both the sides. The hollow parts are filled with cardboard material. The Wooden flush door is usually imparted a laminate, veneer or paint finishing in various designs and colours. • A Plywood is usually made from hardwood, which makes the board very heavy. So, plywood doors are much heavier than Wooden flush doors (they have softwood blocks inside). Heavy doors can be very difficult to carry, install, and operate in everyday use.

To access the notification form, right click the document symbol to open the hyperlink. Should you have any queries on this matter or request for full text of draft regulation in English, please do not hesitate to email us at BPS@dti.gov.ph copy bps.smd@dti.gov.ph.

Thank you.

Sincerely,

NEIL P. CATAJAY
Director
