

16 October 2023

NOTICE TO RELEVANT STAKEHOLDERS

Dear Sir/Ma'am:

This refers to the draft regulations distributed through the World Trade Organization – Technical Barriers to Trade (WTO-TBT) website (www.epingalert.org) from 30 September to 06 October 2023.

Relative thereto, we respectfully invite stakeholders to comment on the notified draft technical regulation from United States:

Document Symbol	Notifying Member	Relevant Dates	Products Covered	Summary
G/TBT/N/USA/517/Ad d.9	United States	<p>Date of Distribution: 04 October 2023</p> <p>Deadline for Comments: 04 December 2023</p>	Metal halide lamp fixtures - Addendum	The Energy Policy and Conservation Act, as amended ("EPCA"), prescribes energy conservation standards for various consumer products and certain commercial and industrial equipment, including metal halide lamp fixtures ("MHLF"). EPCA also requires the U.S. Department of Energy ("DOE") to periodically determine whether more-stringent, amended standards would be technologically feasible and economically justified, and would result in significant energy savings. In this notification of proposed determination ("NOPD"), DOE has initially determined that amended energy conservation standards for MHLFs would not be cost effective. DOE requests comment on this proposed determination and the associated analyses and results.

To access the notification form, right click the document symbol to open the hyperlink. Should you have any queries on this matter or request for full text of draft regulation in English, please do not hesitate to email us at BPS@dti.gov.ph copy bps.smd@dti.gov.ph.

Thank you.

Sincerely,

NEIL P. CATAJAY

Director

BUREAU OF PHILIPPINE STANDARDS
