### NOTICE TO RELEVANT STAKEHOLDERS

Dear Sir/Ma'am:

This refers to the draft regulations distributed through the World Trade Organization – Technical Barriers to Trade (WTO-TBT) website ([www.epingalert.org](http://www.epingalert.org)) from 23 to 29 September 2023.

Relative thereto, we respectfully invite stakeholders to comment on the three (3) notified draft technical regulations from Australia, China, and United States:

Document Symbol	Notifying Member	Relevant Dates	Products Covered	Summary
<a href="#">G/TBT/N/A/US/137/Ad d.1</a>	Australia	<p><b>Date of Distribution:</b> 25 September 2023</p> <p><b>Deadline for Comments:</b> 04 December 2023</p>	Toys - Addendum	The safety standard was created to reduce the chances of small parts releasing or coming off toys during play or after reasonable wear and tear, helping to prevent choking, suffocation, or death. The ACCC has now completed the review of the safety standard and recommended the Minister update it to allow suppliers to comply with one of four recognised standards for toys - the Australian standard, the International (ISO) Standard, the European (EN) Standard or the USA (ASTM) Standard.
<a href="#">G/TBT/N/C/HN/1759</a>	China	<p><b>Date of Distribution:</b> 29 September 2023</p> <p><b>Deadline for Comments:</b> 27 November 2023</p>	Inflatable play equipment for children aged 3 to 14 and land-based inflatable play equipment for dry use or wading use	This document specifies the safety requirements, materials, test methods, nameplates and product maintenance instructions, use and management for inflatable play equipment. This document applies to inflatable play equipment for children aged 3 to 14. This document applies to land-based inflatable play equipment for dry use or wading use. This document does not apply to inflatable play equipment on water, inflatable toys, inflatable buildings, inflatable boats, inflatable pools, and inflatable facilities used for advertising, exhibitions, acrobatic shows,

The Commission is proposing a safety standard for nursing pillows. The Commission is also proposing to amend CPSC's consumer registration requirements to identify nursing pillows as durable infant or toddler products and proposing to amend CPSC's list of notice of requirements (NORs) to include such nursing pillows. This proposed rule would help ensure that consumers continue to have access to nursing pillows for feeding while reducing hazards that have been identified for this product category.
