## NOTICE TO RELEVANT STAKEHOLDERS

Dear Sir/Ma'am:

This refers to the draft regulations distributed through the World Trade Organization – Technical Barriers to Trade (WTO-TBT) website ([www.epingalert.org](http://www.epingalert.org)) from 30 September to 06 October 2023.

Relative thereto, we respectfully invite stakeholders to comment on the notified draft technical regulations from European Union and The Separate Customs Territory of Taiwan, Penghu, Kinmen and Matsu:

Document Symbol	Notifying Member	Relevant Dates	Products Covered	Summary
<a href="#">G/TBT/N/EU/1018</a>	European Union	<b>Date of Distribution:</b> 04 October 2023  <b>Deadline for Comments:</b> 02 December 2023	European Union - Fans driven by motors with an electric input power between 125 W and 500 kW	<p>This draft Commission Regulation covers machines driven by motors with an electric input power between 125 W and 500 kW, and designed to maintain a continuous flow of air or other gas passing through it by means of one or more impellers, to be placed on the EU market. The draft regulation lays down minimum energy performance requirements of fans; appropriate requirements contributing to circular economy objectives in particular, requirements on resource efficiency including availability of necessary spare parts and maximum delivery time thereof, access to repair and maintenance information, requirements for disassembly for the purpose of repair and for material recovery and recycling, and information requirements, including information about fan performance at part load. In accordance with the Ecodesign Directive 2009/125/EC, fans not meeting these requirements will not be allowed to be placed on the EU market. The draft Regulation is based on the findings of technical,</p>
